

WHAT IS EQUALITY?

EQUALITY...

...is a soul to soul connection that can only be experienced by loving parts of a personality.

You are EQUAL when you are seeing others and yourself as souls.

When you are EQUAL you are:

- open to intuition
- fully present
- appreciative
- relaxed and comfortable
- sharing without pretense or second agenda
- laughing easily
- experiencing connection with others

INEQUALITY...

...is always the perspective of frightened parts of your personality.

You are UNEQUAL when you are seeing others and yourself as personalities (and feeling inferior or superior)

INEQUALITY creates:

- closed to intuition
- loneliness
- emptiness
- inauthentic interactions
- second agendas
- judgments and blaming
- no connection with others
